    Option 1: Point of Care Testing (in clinic)

    Order CMA0014 Location:

    Perform test in clinic

    Option 2:

    Order LAB3234A Miscellaneous

    Enter "POC COVID by ID NOW"

    Location: Drive up at WV Hospital

    Special Instructions:

    Watch for signage for designated space

    Call WVH Registration 503-971-2031

Note about Point of Care Testing:
Negative results when testing is performed on the Abbott ID Now as POC should be considered in the context of a patient's recent exposures, history and the presence of clinical signs and symptoms. Negative results should be treated as presumptive and, if inconsistent with clinical signs and symptoms, should be tested with a different method. Recollect with nasopharyngeal swab in transport media and order LAB4144.
