

COVID vaccine second dose

MyChart instructions

When you open MyChart, look for a banner notifying you that scheduling is open for your second dose.

Choose the same location where you had your first vaccine to ensure you receive the correct second dose. Check that the **Reason for visit** shows the same kind of vaccine as you got the first time. Click the **green Continue** button.

The schedule screen will show all available days and times within your second dose administration window. Click your desired time. NOTE: This time does not represent an exact appointment time — you may still have to wait.

Visit Instructions
This is not an exact appointment time — it is an appointment window. When you arrive, you will be grouped with others who share the same window. There will be a wait time for your vaccination within that group.

Please complete all parts of the eCheck-In in MyChart to decrease your wait time in line.

After receiving the vaccination, plan to remain at the clinic for 15 to 30 minutes of observation.

Schedule

You will see a green **Appointment Scheduled** box at the top of the confirmation screen when your appointment is finalized.
