Name _____ Birth date _____

Name _____ Birth date _____

Name _____ Birth date _____

Name _____ Birth date _____

Authorization and locker etiquette

Patient, or patient's personal representative authorize for the disclosure of patient's information with and placement of prescription and non-prescription drugs, devices and related supplies in iLocalBox.

Prescriptions must be retrieved from locker within **three days** of receiving notification that the prescription is ready to pick up at the locker. Failure to pick up prescriptions in a timely manner may result in loss of locker privileges.

Controlled substances are not available for locker pickup per Oregon law. Controlled substances begin with prescription numbers 2-5.

Prescriptions will be charged (either payroll deduction or credit card on file) before being placed in the locker. You will be notified of the charges via email/text message when the prescription(s) is placed in the locker. If you disagree with the payment charged, DO NOT PICK UP the prescription(s). Please call the pharmacy to discuss. Any prescription(s) picked up/removed from the locker will not be accepted for return or refund.

Lockers are only available during normal pharmacy business hours.

Prescriptions must be requested from the MobilRx pharmacy app. Prescriptions for employee's dependents under the age of 18 may be requested by calling the pharmacy directly at 503-814-0412.
